

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my support for the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

There is no hard evidence that cell phone use doesn't interfere with navigational instruments. The introduction of cell phone use in the cabin will not increase tension among passengers, it will not compromise flight attendants' ability to maintain order in an emergency. Cell phone use would help American business thrive and make useful time out of the normally unproductive flight time.

Please change the current rules in effect.

Sincerely,

PAUL BISHOP
